## SUMMARY

Software developer with hands-on experience in building and maintaining both web and mobile applications using React, React Native Node.js, TypeScript. Known for strong attention to detail, clear communication, and a proactive approach to problem-solving. Passionate about writing clean, maintainable code and continuously learning new tools and techniques to deliver impactful digital solutions. Seeking a challenging role where I can contribute to innovative projects and continue to grow as a developer.

## TECHNICAL PROFICIENCY

- Platforms: Windows 7–11, macOS
- Tools & DevOps: Git, GitHub, GitLab, VS Code, Xcode, ClickUp, Expo Go, NativeScript Preview, Figma, Chrome DevTools, Sourcetree
- Languages: TypeScript, JavaScript, Java, C++, Objective-C, Visual Basic .NET
- Frameworks & Libraries: React, React Native, Next.js 13, React Query, Node.js, NestJS, Flutter, NativeScript, Tailwind CSS, SASS
- State Management: Zustand, Jotai, Redux Toolkit
- Database Technologies: MySQL, Microsoft Access
- Package Managers: Yarn, npm
- Design & Multimedia: HTML5, CSS3, Adobe Photoshop, Adobe Illustrator
- Development Methodologies: Agile, Scrum

## WORK EXPERIENCE

**Groundlink Digital Advertising Services- Quezon City, Phil.** **Nov 2023 - Present**  
*Junior Frontend Developer*

- Developed and styled responsive user interfaces for client websites using React, Next JS, TypeScript, Redux Toolkit, and Tailwind CSS.
- Refactored legacy codebases and implemented new features, improving UI consistency and reducing load times
- Collaborated cross-functionally with frontend and backend teams to deliver seamless, high-performance user experiences ahead of project deadlines.
- Recognized for producing clean, maintainable code and for attention to UI/UX detail, resulting in improved product stability and user satisfaction.
- Utilized GitLab for version control, peer reviews, and CI/CD automation to ensure continuous integration and reliable deployments.

**Manyfox Media- Toronto ON, Canada** **Sept 2023 - Feb 2024**  
*Web Develop and Designer*

- Built and maintained client websites using WordPress, Elementor, Wix, and myRealPage, improving performance and visual consistency.
- Designed and implemented user-friendly layouts and interfaces, resulting in enhanced user experience and client satisfaction.
- Integrated data from various backend services and databases to support dynamic content and functionality.
- Collaborated with the director to resolve design conflicts, prioritize feature development, and align with business goals.
- Collected and refined technical requirements to meet client needs and ensure project success.

**SWR Tech Software Development Services****Feb 2023 - Sept 2023****- Daet, Camarines Norte, Phil.***Mobile Developer*

- Designed and implemented user interface components for TypeScript-based mobile applications using React Native, Expo Go, and NativeWind.
- Created modular, reusable front-end components to maximize development efficiency and maintainability.
- Diagnosed and fixed bugs, performed performance optimizations to ensure fast and stable user experiences across devices.
- Maintained clean codebase and wrote automated tests to ensure high product quality and prevent regressions.
- Collaborated closely with cross-functional teams to align development with project goals and deliver consistent results.

---

**EDUCATION****Bachelor of Science in Information Technology****August 2019 - June 2023**

University of Camarines Norte

- Best in Capstone Project
- Academic Deans Lister
