WORK EXPERIENCE

Web Developer February 2024 - Present
Groundlink Digital Advertising Services | Quezon City, Phil.

- Developed modern, high-performance frontend applications using React, Next.js, TypeScript, Redux Toolkit, and Tailwind CSS
- Improved page load performance by 30% through component optimization, code splitting, and lazy loading
- Built scalable, reusable, and maintainable UI components, reducing development time and improving consistency across projects
- Integrated RESTful APIs, including authentication, data fetching, and state management
- Implemented fully responsive, cross-browser compatible interfaces supporting desktop, tablet, and mobile devices
- Collaborated with designers and backend developers to deliver pixel-perfect UI/UX implementations
- Participated in Agile/Scrum development, using GitLab for version control and CI/CD deployments
- Performed debugging, performance optimization, and frontend code reviews
- Assisted and mentored junior frontend developers by providing technical guidance, code reviews, and debugging support

Junior Frontend Developer Nov 2023 - February 2024
Groundlink Digital Advertising Services | Quezon City, Phil.

- Assisted in developing responsive web applications using React, Next.js, TypeScript, and Tailwind CSS
- Created reusable UI components to support scalable frontend architecture
- Integrated frontend features with backend REST APIs
- Fixed UI bugs and improved application performance
- Collaborated with team members using Git and Agile workflow

Web Developer and Designer

Sept 2023 - Feb 2024

Manyfox Media | Toronto, ON, Canada (Remote)

- Built and maintained client websites using WordPress, Elementor, Wix, and myRealPage
- Designed and implemented modern, user-friendly interfaces, improving user experience and client satisfaction
- Optimized website performance, accessibility, and responsiveness across devices
- Integrated dynamic content from backend services and databases
- Collaborated directly with the director to resolve design challenges and prioritize features aligned with business goals
- Gathered and translated client requirements into functional, visually appealing web solutions
- Delivered multiple client projects on time while maintaining high quality standards

Mobile Developer

Feb 2023 - Sept 2023

SWR Tech Software Development Services | Daet, Philippines

- Developed cross-platform mobile applications using React Native, TypeScript, Expo Go, and NativeWind
- Built reusable, modular frontend components, improving maintainability and development speed
- Designed and implemented responsive mobile user interfaces
- Diagnosed and fixed bugs, improving application stability and performance
- Maintained clean, scalable codebase and implemented automated testing
- Collaborated with designers and backend developers to deliver production-ready applications

EDUCATION

Bachelor of Science in Information Technology

August 2019 - June 2023

University of Camarines Norte

- Best in Capstone Project
- Academic Deans Lister
